· **Modern Professional Design**

· **Compact mini tower with less than 20L volume**

· **User-centric, installation-friendly mechanisms**

· **90mm fan pre-installed**

· **Kensington- and Pad-Lock compatible**

The **UNI Series BS-20B-OP** is a versatile, compact mini-tower PC case that combines practicality with a modern professional design. With a minimal footprint and a total volume of less than 20 liters, the BS-20B-OP is ideal for home and office environments without sacrificing any important functionality such as full mATX mainboard support, ATX PSU compatibility, ultra-slim ODD or even graphic cards up to 270mm length.

Among its many features, it boasts a user-friendly pivot mechanism for easy semi-tool-free installation. The timelessly elegant front panel features all relevant connectors, including a USB Type-C port.
