USB 3.1

Superior speed when accessing your content on-the-go.

Need super-fast access to your data outside your home or office? Look no further than the SL100 Pro Portable SSD from Lexar. This sleek and slim drive features a brushed aluminum finish and is available in 500GB and 1TB of storage space. To keep your data secure physically and otherwise, it's drop-, shock-, vibration-resistant and comes with an advanced security software solution. Performance-wise, it has superior transfer speeds of up to 950 MB/s and a write speed of up to 900 MB/s[1]. Connect it to your system using the included USB Type-C to Type-C cable or USB Type-C to Type-A cable, and it's ready to use.

| Performance | Portability | Durability | Protection |

With USB 3.1 speeds you can share and store – just like that. When there's a need for speed, you can quickly access and store your content on-the-go with the Lexar® Professional SL100 Pro SSD. This sleek, compact SSD provides superior performance on the go, with eye-popping speeds of up to 950MB/s read and 900MB/s write. This makes it easy to quickly access, move, or backup all your favorite movies, music, photos, and files. Available in 500GB and 1TB capacities.

As stylish as it is durable. Flash your style with the brushed aluminum finish of the SL100 Pro Portable SSD. With its small, slim size, you can slip it in your pocket and go. And unlike traditional drives, it has no moving parts, so it provides exceptional resilience to harsh temperatures and vibration[2]. It also includes an LED activity light, so you know when your file transfer is done.

Rest assured knowing your files are secure. Feeling like you need more security for your sensitive files on the go? Look no further than the SL100 Pro SSD which includes an advanced security software solution with 256-bit AES encryption to help protect your essential files against corruption, loss, and deletion. Easily create a password-protected vault that automatically encrypts data. And for peace of mind, files that are deleted from the vault are securely erased and can't be recovered.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

For more than 20 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and solid-state drives. With so many options, it's easy to find the right Lexar solution to fit your needs. Lexar products are available worldwide at major retail and e-tail stores.
