

Portable SSD PX10

A BEAUTY WITH BEASTLY POWER

An Incredibly Beautiful Storage Wonder

Silicon Power's Portable SSD PX10 is tailored for today's demands, with a compact size that's even smaller than a Snickers chocolate bar. Despite its extremely thin form factor, it boasts remarkable USB 3.2 Gen 2 performance. The PX10 meets upcoming storage requirements and is compatible with a wide range of devices, such as the iPhone 15, iPad, and PS5, thanks to its USB Type-C connection. This makes it a breeze for content creators and gamers to reach their data on the go. Whether for work, play, or creativity, the PX10 is your go-to storage companion.
